Manufacturer's Tax Credit Certificate - Tax Payer Relief Act of 2012

The Tax Payer Relief Act of 2012 (25C) provides tax credits for the installation of Qualified Energy Property for residential heating and cooling equipment. American Standard Heating and Air Conditioning certifies that the products listed below contain an **Advanced Circulating Fan** and may be eligible for the Tax Payer Relief Act of 2012 if placed in service from January 1, 2012 through December 31, 2016. Confirm eligibility of your matched system by visiting www.ahridirectory.org or by contacting your installing dealer. **Other Important Homeowner Information**

There are other important requirements and limitations to qualify for the tax credits under ARRA such as the qualified energy property must be installed in the homeowner's primary residence. American Standard recommends that homeowners consult a tax professional to ensure they meet all requirements. The Internal Revenue Service is responsible for implementing and administering the tax credits.

Under penalty of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts presented are true, correct, and complete.
