

Manufacturer's Tax Credit Certificate for Geothermal Products

The Geothermal products listed below are eligible for an energy tax credit as defined by IRS Bulletin no. 2009-19 dated May 11, 2009, if they are installed between June 1, 2011 and December 31, 2016. The credit amounts you may receive are subject to IRS regulations. Please consult a tax professional for advice on tax preparation.

Manufacturer:

American Standard Heating & Air Conditioning.,
6200 Troup Highway, Tyler, TX 75707

American Standard Geothermal Systems		
Product Name	Product Type	Model #
Platinum ZV & XV Packaged Systems	Water to Air	A1GX A2GX A2GY
Gold XI Packaged System	Water to Air	A1GC
Platinum ZM & Platinum XI Water Systems	Water to Water	A1GW A2GW

Other Important Homeowner Information

There are other important requirements and limitations for the tax credits such as the qualified energy property must be installed in the taxpayer's qualifying residence in the United States. American Standard Heating & Air Conditioning recommends that homeowners consult a tax professional to ensure they meet all requirements. The Internal Revenue Service is responsible for implementing and administering the tax credits.

Declaration:

"Under penalty of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts presented are true, correct and complete."
