

Manufacturer’s Tax Credit Certificate – Nonbusiness Energy Property Credit, IRC § 25C

The Further Consolidated Appropriations Act, 2020 amended Internal Revenue Code section 25C, which provides a tax credit for the purchase and installation of Qualified Energy Property, which includes residential heating and cooling equipment meeting certain energy efficiency requirements. American Standard Heating and Cooling, a division of Trane U.S. Inc., certifies that the gas furnaces listed below have an annual fuel utilization efficiency (AFUE) of no less than 95% according to AHRI’s rating system, and, therefore, may be eligible for the section 25C credit if placed in service by December 31, 2020. Confirm eligibility of your matched system by visiting www.ahridirectory.org or by contacting your installing dealer.

Manufacturer: Trane U.S. Inc., 800-E Beaty Street, Davidson, NC 28036.

Class of Qualified Energy Property: Natural gas furnaces.

Other Important Homeowner Information

There are other important requirements and limitations homeowners must also meet to qualify for the section 25C tax credit, such as the Qualified Energy Property must be installed in the homeowner’s primary residence. American Standard recommends that homeowners consult a tax professional to ensure they meet all requirements. The Internal Revenue Service is responsible for implementing and administering the section 25C tax credit.

Under penalty of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.
